Opening **Saturday 7th October 2023** from **16h30**  
Exhibition from **7th until 29th October 2023**

The exhibition presented in Florence Rasson's gallery in Knokke will bring together a set of historical works in dialogue with recent prints from the *LikeAPainting* series, some of which have never been revealed to the public. This exhibition highlights the link between photography and painting, a limit often questioned in my work. I will be very happy to talk to you about it and to meet you on this occasion on the Belgian coast.

**Marc Minjauw Gallery**  
**Avenue Louise 2/9 (Place Stéphanie), 1050 Brussels**  
**Exhibition from 12th February until 29th April 2023**

Marc Minjauw set up his gallery in the upper part of the city, Place Stéphanie, after several years in the center (since 2016). The gallery now benefits from a large space and numerous completely renovated windows, an ideal place to show group exhibitions bringing together the artists championed by the gallery owner.

This year, I was able to show my abstract photographs in dialogue with the paintings of other artists. An interesting confrontation that disrupts the visual perception of visitors.

Exhibition from 30th June to 20th July 2023

The works shown in galleries, often "white cubes", have another "life" once acquired by collectors. It is interesting to see my photographs hung in private spaces, associated with the furniture and the architecture of the place.

Interiors that become small, intimate museums that I wanted to share with you.

In my previous Newsletter, I announced the birth of the European artistic movement **The Borders** and the signing of the manifesto by the artists.

You will soon receive a **The Borders** newsletter to announce upcoming exhibitions and other events of our movement.

Quick reminder: **The Borders** is a new European artistic movement. It was born from my desire to bring together artists around abstract photography and to create a dialogue. 'The Borders' currently brings together 7 international artists: Richard Caldicott (United Kingdom), Luuk de Haan (Netherlands), Sebastiaan Knot (Netherlands), Niko Luoma (Finland), Liz Nielsen (United States), Hanno Otten (Germany) and myself for Belgium.
